Date: *June 19, 2008*

Ozark Greenways presented a challenge to all the business in the area – May 12-16, leave your car behind, and for the third consecutive year Butler, Rosenbury & Partners has taken home the trophy in the medium business category.

In lieu of driving a car, participants from BR&P rode their bike, walked or carpooled to work on one or more days during the week totaling 517 miles traveled to and from work. Participant Ben Craig had this to say, “Bike, Bus, Walk Week is a great event to promote within the community to raise awareness that using alternative transportation is easier than we think and it is possible for anyone. Participating in this event not only helps us live more environmentally friendly, it also promotes wellness for the body through exercise.”

Butler, Rosenbury & Partners is an architectural and engineering design firm located in Springfield, Missouri. The company has more than 70 employees and is celebrating its 30<sup>th</sup> anniversary this year.
