Another BR&P team member receives LEED AP!

SPRINGFIELD, MO - Butler, Rosenbury & Partners (BR&P) is pleased to announce another addition to their growing staff of LEED accredited professionals. Casey Greer, AIA, has received LEED Accreditation.

Greer is an architect in BR&P's Business-to-Business Studio. He graduated from Drury University with a Bachelor of Architecture in 2000 and started with BR&P in May of that same year. He has worked on hospitality projects, banks, office buildings, industrial projects and YMCA's. He is licensed in Missouri and an active member in the American Institute of Architects.

LEED Professional Accreditation distinguishes building professionals with the knowledge and skills to successfully steward the integrated design and LEED certification process. LEED Accredited Professionals have demonstrated a thorough understanding of green building practices and principles and familiarity with LEED requirements, resources and processes.

BR&P currently employs ten, full-time LEED Accredited Professionals.

BR&P specializing in architecture, structural engineering, interior design, and landscape architecture with a staff of more than 40 design and administrative professionals. The company is currently celebrating its 31st year in business.
